Family-owned since 1998, EZ STAK is an industry-leading manufacturer of storage systems for work trucks, service bodies, vans and trailers.

We pride ourselves on working one-on-one with fleet managers until we find custom-fit solutions that maximize worker efficiency and improve productivity. And because we only use products made of high-grade aluminum or galvanized steel, they're built to last — an average of 12 years.

Proudly manufactured in the USA, EZ STAK quickly delivers its products through a network of national distributors.

**Check out our storage solutions online at [ezstak.com](http://ezstak.com) or call us at 630.994.3300.**

**Getting work ready was never more EZ.**
