

FEATURES:

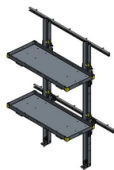

- Designed for multiple different applications such as cargo vans, trailers, walk-in bodies, and containers.
- Each shelving unit has a load rating of 250lbs, evenly distributed.
- Slow gas spring assist so personnel can open and fold-down shelves safely and easily.
- Each shelving unit comes with two foldable shelves, available in four widths.
- Corners come with yellow safety guards to make it visible and safe for the user.
- Strategically designed to use OEM mounting holes for simple installation.
