Substance Abuse Policy (Drug and Alcohol)

Intent

EZ STAK is committed to the health and safety of its employees and has adopted this policy to communicate its expectations and guidelines surrounding substance use, misuse, and abuse.

Guidelines

Employees under the influence of drugs or alcohol on the job can pose serious health and safety risks to both them and their fellow employees. To help ensure a safe and healthy workplace, EZ STAK reserves the right to prohibit certain items and substances from being brought on to or present on company premises.

Definitions

Drug: Any substance which can change or adversely affect the way a person thinks or feels, whether obtained legally or illegally. This includes recreational cannabis, cocaine, opiates, and amphetamines.

Drug paraphernalia: Material or equipment used or intended for use in injecting, ingesting, inhaling, or otherwise introducing a drug, illegal or controlled, into the human body.

Medication: Includes a drug obtained legally, either over the counter, or through a prescription or authorization issued by a medical practitioner. For this policy, medications of concern are those that inhibit a worker's ability to perform their job safely and productively.

Alcohol: Any beverage containing any quantity of alcohol, including, beer, wine, and distilled spirits.

Expectations

The following expectations apply to employees and management alike while conducting work on behalf of the company, whether on or off company property:

- Employees must remain fit for duty for the duration of their shift.
- Use, possession, distribution, or sale of drugs or alcohol during work hours, including during paid and unpaid breaks, is strictly prohibited.
- Employees are prohibited from reporting to work while under the influence of recreational cannabis and any other non-prescribed substances.
- Use and possession of medically prescribed or authorized drugs is permitted during working hours, subject to the terms and conditions of the company's policies and all applicable legislation.
- Employees on medically approved medication must communicate to management any potential risk, limitation, or restriction requiring modification of duties or temporary reassignment; and

- Report unfit co-workers to management.
- Seek advice and appropriate treatment, where required.
- Communicate dependency or emerging dependency to management or human resources; and

Suspicion of Impairment

The following procedure may be enacted if there is reasonable belief that an employee is impaired at work:

1. If possible, the employee's manager or supervisor will first seek another manager's or supervisor's opinion to confirm the employee's status.
2. Next, the manager or supervisor will consult privately with the employee to determine the cause of the observation, including whether substance abuse has occurred. Suspicions of an employee's ability to function safely may be based on specific personal observations. If the employee exhibits unusual behavior including but not limited to slurred speech, difficulty with balance, watery or red eyes, or dilated pupils, or if there is an odor of alcohol, the employee should not be permitted to return to their assigned duties to ensure their safety and the safety of other employees or visitors to the workplace.
3. If an employee is considered impaired and deemed "unfit for work," this decision is made based on the best judgement of two members of management and DOES NOT require a breathalyzer or blood test. The employee may be advised that EZ STAK has arranged a taxi or shuttle service to safely transport them to their home address or to a medical facility, depending on the determination of the observed impairment. The employee may be accompanied by a manager or supervisor or another employee if necessary.
4. An impaired employee will not be allowed to drive. The employee should be advised if they choose to refuse EZ STAK organized transportation and decide to drive their personal vehicle, the company is obligated to and will contact the police to make them aware of the situation.
5. A meeting may be scheduled for the following workday to review the incident and determine a course of action which may include a monitored referral program as part of a treatment plan.

Possession at Work

Possession of alcohol, drugs, and drug paraphernalia on company property is prohibited. Company property encompasses all company owned or leased property used by employees, including without limitation parking lots, vehicles, lockers, desks, and closets.

Possession of alcohol, drugs, and drug paraphernalia is also prohibited while employees are acting on behalf of the organization off company premises. This includes attending events as a company representative.

Substance Dependency

EZ STAK understands that certain individuals may develop a chemical dependency to certain substances, which may be defined as a disease or disability. Employees are not excused from their duties because of their dependencies. EZ STAK promotes early diagnosis. Any employee who suspects that they might have an emerging drug or alcohol problem is expected to seek appropriate treatment promptly.

The company will work with the individual who requests accommodation to ensure that the measures taken are both effective and mutually agreeable, up to the point of undue hardship. Employees are encouraged to communicate any need for accommodation to their immediate supervisor, and to work with them in addressing the concern.

Voluntary Identification

Employees are encouraged to communicate if they have a dependency or have had a dependency so that their rights are protected, and they can be accommodated appropriately. Employees will not be disciplined for requesting help or due to current or past involvement in a rehabilitation effort.

All medical information will be kept confidential by EZ STAK, unless otherwise authorized by law.

Medical Cannabis

Where an employee uses medical cannabis, it is expected they provide a copy of their medical documentation for use EZ STAK and abide by the company's accommodation policy.

Agreement for the Continuation of Employment

EZ STAK reserves the right to invoke an agreement for the continuation of employment in accordance with an employee's commitment to become and remain alcohol- and drug-free. The agreement will outline the conditions governing the employee's return to the job and the consequences for failing to meet the conditions.

An agreement for the continuation of employment may include a requirement for drug or alcohol testing.

Disciplinary Action

Employees may be subject to disciplinary action up to and including termination of employment for failure to adhere to the provisions of this policy, including but not limited to:

- Failure to meet prescribed safety standards because of impairment from alcohol or drugs; and
- Engaging in illegal activities (for example, selling drugs or alcohol while on company premises).
